

Neck =

F to FLG =

Chest =

A-BGL =

Bust =

Length to waist back =

Bust Point =

Please note: All measurements must be skin/actual with no easement added; do not pull the tape measure too tight, let the tape run out to a relaxed measurement, but not too loose.

Waist =

Bust and chest sizes are measured all the way around, close under the arms and over the lower shoulder blades.

Hip/Seat =

The nape of the neck is at the back of the neck below the collar.

S-S =

When taking the FGL and BGL, make sure the person does not look down or lean over.

S-G =
