MAESTRO COLLECTION

The sacred vessels presented in this collection are a faithful testimony of the sheer artistic quality developed by our master silversmiths throughout their life. Most are the result of our designers' creativity and some are replicas of Christianity's historic chalices. In all of them, only the purest craftsmen's techniques transmitted from the Medieval Ages such as embossing, hand engraving or fire enamelling have been applied resulting in real works of art.

ST. REMY

Widely known as the "St. Remy", the chalice of St. Remigius is probably the most beautiful and treasured symbol of a Christian sacred vessel. Its sheer beauty, magnificent craftsmanship and interesting history make it a legend in its own right. St. Remigius, Apostle of the Franks and Archbishop of Reims, France, during the VI Century was a very influential man who converted the Franks to Christianity. The Franks had been mainly warriors until then and had robbed or destroyed many of the sacred vessels of the Churches of the era. It is said that, after the Franks converted to Christianity, the chalice of St. Remigius was cut from the gold of the celebrated vase of the Church of Soissons, previously broken by a soldier of Clovis, King of the Franks, as a gesture of regret. The St. Remy chalice has been preciously kept since then in the treasury of the Cathedral of Reims, being even used by the Kings of France to communicate under the species of wine at the end of the Coronation ceremonies. Our version of this mighty chalice is a living proof of the degree of expertise, perfection and attention to detail transmitted through generations of our own craftsmen. Every part, every bit of it is made by hand with the purest techniques used by the great medieval silversmiths mixed with the most modern plating methods to assure that every one of them is a worthy tribute to the original chalice and a piece of art that will further its value with the passing of time. Matching Ciboria, open Ciboria, intinction set, cruets set and monstrance available.

TASSILO

The origin of this famous chalice can be traced back to the Duke Tassilo III of Bavaria, Germany, VIII Century. It is one of the most important treasures of this era even though it was not known of until the XI or XII Century. It is the symbol of the wedding between the Duke Tassilo III, from the Agilolfing dynasty that governed Bavaria and Liutpirc, the daughter of the Lombardian King Desiderius, and was presented by them in 777 to the Monastery of Kremsmünster (Germany) where it is still preserved today.

The only modification to this original chalice is the fact that the wording on the base from the original Tassilo chalice (+ TASSILO DVX FORTIS + LIUTPIRC VIRGA REGALIS +) has been changed to the Latin text PER IPSUM CUM IPSO IN IPSO + meaning FOR HIM WITH HIM IN HIM +, of important meaning in liturgy, thus making our version more appropriate for its use in a liturgical catholic service. Our chalice is also slightly smaller in size, making it easier to use during the services than the original of considerably larger dimensions. The design and style of the figures present on our chalice are sensibly more refined and symmetrical than those of the original, of a more primitive design. The figures represented on the base are The Blessed Mother, Saint Paul of Tarsus, St. John the Baptist and Saint Theodore while the ones on the cup are The Pantocrator and the Four Evangelists with their symbols. Matching Ciboria, open Ciboria, cruets set and monstrance available.

THE GOTHIC

This beautiful chalice was commissioned under special request by The Vatican as a present to His Holiness, John Paul II to commemorate his 50th anniversary in the priesthood. The elegant, octagonal Gothic design created by our artistic department was masterfully executed by our silversmiths using sterling silver throughout. The result was impeccable and its generous proportions made it look impressive on the main Altar during the commemorative Mass in St. Peter's Basilica.

The many requests received by our clients for this chalice moved us to develop a matching Ciboria, open Ciboria and monstrance, thus completing a stunning, full Altar set.

THE ARDAGH

The origin of this chalice goes back to the second phase of the Christian Era, during the beginning of the VIII century. It was discovered in the late XIX Century in Ireland by a small boy that was digging potatoes in Reerasta Rath, near the village of Ardagh. The chalice seemed a treasure that most likely belonged to a rich and well established Irish monastery. Its unique low design with two handles, hand forged construction in solid silver, deeply engraved celtic ornamentation and fire enamelled cabouchons make this chalice the most important and richest of the first Irish Christian objects and clearly one of the finest metal pieces from the VIII Century that has been discovered so far.

Our version of the Ardagh chalice is taller and resembles more the shape of a chalice than the original. Like its predecessor, it features a deep celtic engraved design on cup, base and node as well as engraved and fire enamelled cabouchons. Ciboria and monstrance available.

ROMANESQUE COLLECTION

The Romanesque art represents the spiritual unison of Europe and it is when the concept of Christendom arises. Western culture flourishes and the primacy of European culture will impose from then on its own dynamics of development, eclipsing both Byzantine and Islamic cultures. New constructive techniques arise and there is a fusion between expression and beauty in the figurative arts.

All of the Romanesque pieces in this collection have been developed by our silversmiths to reflect the beauty and character of this classic style, blending elegance, balance and craftsmanship in one.

BAROQUE COLLECTION

During the 17th century and the beginning of the 18th century, the baroque represents a moment in Western culture in which the affirmation of nationalities and the tension produced by the Reformation and Counter-Reformation coincide. An interest for the monumental, the surprising and the dazzling arises. It is also the art in which the movement and the theatrical tension are most successfully produced.

All the pieces in this collection offer you multiple possibilities to enrich your liturgy and complement your church interior in this beautiful style.
